

# THE DISCIPLE'S JOURNEY

# *You've just begun an incredible journey.*

Being a disciple of Christ is a great privilege. You have been made new in Christ, and with that newness comes the responsibility to grow in a deeper relationship with God through prayer, fellowship, and studying the Bible.

That's why we've created *The Disciple's Journey*. This guide is more than just another document for you to set aside and forget about. This is your guide to dynamic growth in Christ over the next two years. We believe as you journey through it, you will be transformed, especially as you commit to the process of transformation.

We take your growth seriously. That's why we are excited to partner with you in what God is doing, and will continue to do, in your life.

Effective living as a Christian depends on biblically-aligned believing, which depends on learning, studying, mentorship, and being connected to a community of other believers.

During the course of the next two years, we are committed to providing each of these things for you. We will walk alongside you to help you grow in Christ and become who God has called you to be.

We are asking that you commit to approaching this process with as much commitment as you can. God has great things in store for you, and we want you to experience the fullness of his promises, blessings, and joy that comes from knowing him and walking in his truth!

As you'll see on the next few pages, this journey of growth will consist of weekly reading. You'll read the Bible in chronological order, other assigned books that touch on important topics, and meet with mentors along the way.

Each book has questions either at the end of the chapters, at the end of the book, or in another book altogether. We ask that you complete the questions that accompany the reading in order to get the most out of this process.

Every time you finish a book, you'll meet with a mentor who will be assigned to you. These meetings are meant to support you, see what you're learning, answer any questions you might have, and encourage you as continue on.

At Week 32, you'll add an interactive journal to your reading. This journal is meant to take your growth even deeper, as you'll be setting some goals for yourself and partnering with the Holy Spirit in a new way.

If there are weeks you need to take a break for whatever reason, don't feel bad! Let your mentor know, and when you're ready, you can pick up where you left off.

We are truly excited for you and honored to be a part of what God is doing in your life.
